

JULY 9 – 11
OMNI ATLANTA HOTEL, GA

Electrical, Internet, & Audio Visual

Electrical services, internet, and audio-visual rentals are exclusive to the in-house preferred at the Omni Atlanta. The company providing the services is Pinnacle Live. Services will need to be ordered through their online portal. Screen shots and details below.

Electrical

No booth power is included. If needed, you are required to order this through Pinnacle Live.

The cost for a standard 120V 20A drop is \$410. This is for a basic outlet. We recommend bringing your own extension cords or power strips to avoid unneeded costs.

Reminder that we are making bus tubs & ice available to all exhibitors at no cost to avoid the shipping, material handling, and electrical costs for setting up a refrigerator.

Wifi

There is complimentary wifi in the lobby and pre-function areas of the hotel. If you need wifi for your booth, please order it in advance.

Monitors

Pinnacle offers several size options should you want a monitor in your booth. You are also welcome to bring your own. Pinnacles prices are inclusive of electrical.

Ordering Instructions

Please go to the [Pinnacle Omni Atlanta Ordering Portal](#).

Complete your contact details and fill out the show information as shown below. Please note to order only for the dates the exhibit floor is open.

Event Details
