Event Shipping Overview

Your booth materials and any product you plan to send should be shipped to our Advance Warehouse and received by June 27th.

We are underwriting up to 200 lbs. for your booth AND 200 lbs. for your product as part of your exhibit fees.

Any overages will be billed to you from our contractor, LVExpo. You must have a payment authorization on file in advance of the event to avoid any delays in receiving your materials.

Any late shipments will be charged the incremental costs for Late materials for the first 200 lbs.

For exhibitors and sponsors who have contracted for product placement at the Official Afterparty, these shipments must go through Atlanta Beverage to be delivered to the offsite premises we will be hosting the event at.

Labels for all three are provided in the Exhibitor Resource Center. You do not need to use these labels, but please be sure you include the requested information on any labels you use.
